WHO IS THE MOST SUCCESSFUL FARMER IN THIS COMMUNITY?

HOW DOES HE DO IT? READ ON AND LEARN

He doesn't do it by using the ancient methods of our fathers and grandfathers. Those methods are too slow for modern farming. There is too much manual labor for a small income.

Successful farming today is accomplished through the use of modern machinery, modern tools and scientific methods of cultivation.

We have the best tools—all modern and of the best—and we will be glad to show them to you and how to use us to the best advantage.

Fredericksburg. — S. Taylor Scott, secretary of the Fredericksburg Chamber of Commerce, has been appointed commissioner of revenue to fill the unexpired term of the late commissioner, A. B. Bowering, by Judge John T. Goolrick, of the Corporation Court.

Hopewell.—Hopewell has the distinction of being the first city in the State to stage an entertainment for the benefit of the Thomas Jefferson Memorial Foundation. This was the benefit card party given at the DuPont Club. Miss Evie Lee Hoocock, of Charlottesville, will give a comedy concert Tuesday evening, November 13, at the DuPont Club for the benefit of this fund.

Burkeville. — Mrs. Rosa Hatchett Southall, widow of Dr. Joseph W. Southall, of Amelia County, died at the home of her adopted son, F. Southall Farrar, at Burkeville. She had been sick but two days, her indisposition developing rapidly into pleural pneumonia. Mrs. Southall was 77 years of age, having outlived her husband, who was for many years State Superintendent of Public Instruction.

Richmond. — A flag-draped casket bearing the body of Percy Lee Stewart, 17 years old, of the United States Navy, arrived in Richmond. Stewart died of the influenza in Brazil in 1918 while serving in the Navy. His body was disinterred by the government and borne back to his home here. Burial services will be conducted at the graves in Oakwood cemetery. A squad from the American Legion will furnish military honors.

Danville.—Charles Pass, Great Indochonee of the Improved Order of Red Men, arrived here on a tour of Virginia to inspect the Old Virginia tribes. He presided at Schoefield, when 55 new members were initiated. He describes the order as in the best condition it has ever been in, with a membership of half a million in the country. E. H. Cole, of Hampton, great sachem of Virginia, is accompanying Mr. Pass. About 800 Red Men are expected to be here from Danville.

Winchester. — The next few days will see the end of the apple picking season in the Winchester District, and hundreds of men and women who have been engaged in the work for the last six weeks will be released for other work. Some of the men will return to regular farm duties, while others will get employment in plants devoted to the manufacture of apple by-products. Many of the women who worked in the orchards and packing houses earned as much money as the male workers.

Winchester.—Banditry and housebreaking continues here, despite the vigilance of police and others to catch the desperadoes. J. M. Oates reported that his restaurant had been broken into and cash and cigars carried off. A night or two ago David Baker was held up while passing through an alley. While a negro man held a revolver in one hand and his other hand over Baker's mouth a negro woman rifled his pockets. Several attempted burglaries also were reported to the police.

Harrisonburg.—With a 25 per cent. increase in the student body over the session of 1922-23 the State Normal School at Harrisonburg is again suffering from such over-crowded conditions as prevailed three years ago. Since that time three new buildings have been added to the equipment providing accommodations for about seventy-five new students, but the increase in enrollment has exceeded all efforts of the administration to increase accommodations. The total registration is 550 as against a total fall registration a year ago of 423.

Danville. — When L. J. Ricketts opened his store in North Danville and examined the cash drawer he found virtually all of the 100 pennies he had left there overnight taken. The robbery theory at once presented itself and Ricketts examined the windows and doors and found no evidence of violent entry. Then he went back to the drawer and pulled it wide open. In the rear was a rat nest and in it lay ninety-seven of the pennies. Further examination revealed that rodents had gnawed their way through a thin partition and had carried the loot through it to their hiding place.

Lynchburg.—The Federal forest offices in the Natural Bridge area, which have headquarters here, are making active preparations for fire protection in the area during the fall season, when mountain fires occur so frequently. Wardens are being warned to be vigilant, and the service is appealing to sportsmen who hunt in the forests to use precautions when smoking in the forests. State officials are co-operating with the Federal authorities, and protection is being arranged for private lands as well as those of the government.

Hopewell—There is much speculation here as to who will be appointed to the office of commissioner of revenue of the city, which will be vacant January 1, due to the resignation of I. M. Warren. John Thomas B. Robertson, of the Corporation Court, by whom the appointment will be made, announced that seven applications have been received as follows: J. B. Heyward, J. K. McCotter, B. F. Short, H. J. Watkins, Jr., A. S. J. Wheeler, W. E. Temple and John W. Goodman.

Danville. — Herbert Rutherford, of Keysville, was killed, and J. E. Howard, R. D. Tarpley and L. H. Murray, also of Keysville, sustained minor injuries near Charlotte Courthouse, when an automobile in which they were riding turned over. The car got beyond control, left the road and turned over twice, pinning Rutherford underneath. The entire party was on the way to Lynchburg to witness the V. P. I.-Washington and Lee football game. The injured were thrown clear and had bruises and cuts.

Danville. — Local police claim to have at last discovered a real "blind tiger." "Dr." K. W. Yarbrough, a negro, blind in both eyes, is held. Hearing that the doctor's office was heavily frequented, especially on the Sabbath, policemen took up their watch on Sunday. A woman was seen to go to a window of the negro's house, hand in a bottle and wait. Officers walked up just in time to take from the blind negro a bottle which he thought he was handing to the negress. He was charged with violating the State liquor law and practicing as a physician without a license.

Lynchburg.—The six weeks' evangelistic campaign conducted here by Rev. Baxter F. McLendon, of Bennettsville, S. C., closed Sunday night, the evangelist preaching four sermons Sunday, approximately to 30,000 people. The campaign generally is characterized as the greatest revival Virginia has ever witnessed. There were 974 conversions during the last day, 387 at the last invitation, the total for the campaign being 3,918. No tabulation was made of thousands of reconsecrations. About $10,000 was included in the free-will offering. Mr. McLendon left shortly after last midnight for his home. His next meeting opens November 11 at Monroe, N. C.

Blue Ridge College.—It was officially announced from the president's office that B. N. and J. B. Duke, of North Carolina, had decided to erect a science building here, which is a part of the rebuilding program in memory of their mother. Mrs. Duke, in whose memory her sons have decided to erect this science building, was born in Alamance county on June 28, 1829. She was a member of the distinguished Roney family of this county, who have, from its earliest days, been prominent in Alamance. Her maiden name was Artelia Roney. Mrs. Duke died August 20, 1858, and lies buried in her native county soil at the Roney burying ground, at Haw River.

Winchester.—Scores of local hunters, who had spent several days cleaning and polishing their guns, laying in ample supplies of ammunition and getting their dogs for the trail, confidently expecting to sally forth bright and early November 1, in quest of game of all sorts, received a shock when it was announced that the hunting season in Frederick county would not open until November 15. The State law provides for the opening of the season for hunting of game on November 1, but it contains a clause authorizing boards of supervisors of the several counties to shorten the season, if they so desire. This is what the Frederick county supervisors have done, and there will be no hunting in these parts until the 15th of November. Moreover, the season closes December 31.

Petersburg.—A meeting of the game wardens of the Fourth Congressional District was held at the Savoy Hotel with M. D. Hart, secretary of the Department of Game and Inland Fisheries, and L. W. Tyus, supervisor of game wardens of this district, presiding. The meeting was held for the purpose of instructing the game wardens more thoroughly in the game, fish and dog laws. L. W. Tyus, supervisor, in addressing the wardens, discussed briefly the work carried on in the Fourth Congressional District, from October, 1922, to September, 1923, and gave out the following figures: Arrests, 261; convictions, 205; discharged, 54; violating hunting, fishing and dog laws, $3,434.88; dogs killed, 565; hunting licenses inspected, 5,698; and mileage traveled, 86,095. Mr. Tyus informed the wardens that the sales on dog tags amounted to $2,732.80, which lead all other districts and the license amounted to $14,257.90.

Hampton.—The board of supervisors of Elizabeth City County announced that it will fight the move for the annexation of Kecoughtan by the city of Newport News. Elizabeth City County now is the second smallest county in the State and were it to lose the revenues from Kecoughtan many citizens residing within the limits of the county say that they do not see how the county would be able to meet its bill. Newport News is making the annexation fight at the request of 70 per cent. of the qualified voters of Kecoughtan.

City Lends Road Fund.

The city of Roanoke has signed an agreement with the State Highway Commission to advance $570,000 for the construction of the Roanoke-Rocky Mount highway, Henry C. Shirley, chairman of the commission, announced.

The money, which is advanced under the Rosenzien act, is expected to pay for four of the five links of that highway. It is said that the State has sufficient funds to complete the remaining link.

Will Consider Lease.

Stockholders of the Tobacco Products Corporation will meet in special meeting here on November 15, to vote on the proposition of leasing its manufacturing assets to the American Tobacco Company for a period of ninety-nine years. The amount involved is approximately $10,000,000 and a guaranteed payment of $3,500,000 annually by the American Tobacco Company.

Only the manufacturing assets of the Tobacco Products Corporation are involved in the proposed lease.

The painter has been "made the goat" long enough

It is about time that property owners realized that the *painter* isn't to blame when a cheap painting job does not last. It isn't from choice that the painter uses cheap paint and varnish. But he has to use them if the owner insists on looking for *price* instead of *quality*.

Let the painter figure on good paint and varnish. They cost a little more by the gallon but very little more *by the job*. Labor is the big item and that's the same with a cheap paint as with good paint.

Good, honest paint and varnish like BREINIG BROTHERS' is an economy—whether they are for a porch chair or for your entire house. They are made to give *lasting* protection.

"Our Family Medicine"

"I WILL WRITE you in regard to Black-Draught liver medicine, as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 5, Leland, N. C. "I keep it in my home all the time, for it is mostly in our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a dollar."

Thedford's Black-Draught is a purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs.

It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order. Get a package of Black-Draught liver medicine from your druggist or dealer, today. Be sure to get the genuine—Thedford's.

LESSON FOR NOVEMBER 25

CHRISTIANS CALLED TO BE MISSIONARIES

LESSON TEXT—John 17:18; Matt. 28:16-20; Acts 1:8-8.

GOLDEN TEXT—"Go ye therefore and teach all nations."—Matt. 28:19.

PRIMARY TOPIC—Telling Others About Jesus.

JUNIOR TOPIC—Our Marching Orders.

INTERMEDIATE AND SENIOR TOPIC—Working Together With Christ.

YOUNG PEOPLE AND ADULT TOPIC—World-Wide Witnessing for Christ.

I. Sent by Christ (John 17:18).

Christ was sent into the world to save it. Just as He was sent, so He sends us. Just as He was obedient to the Father's command, so we should be to His command. That this might be possible Christ set apart himself, and that the disciples might be for the this work they are to be sanctified through the truth of God's Word. That which fits the one called to represent Christ is the knowledge of God's holy Word.

II. The Great Commission (Matt. 28:18-20).

At an appointed meeting place in Galilee on a mountain side, Jesus appeared before the disciples and gave this great commission.

1. His Claim of Authority (v. 18). His does not claim to be merely the King of the Jews, but King of Kings and Lord of Lords. He stands clothed with the authority and power of the universe. Before there will be any great concern about evangelizing the world there must be an understanding of the power and might of Jesus Christ as Lord. The Lord must and shall be obeyed.

2. The Obligation Imposed (vv. 19, 20). They are to make disciples of all nations. The obligation of the Christian is not merely to preach the gospel to the Jews, but to all the nations. Those who accept Christ as Savior and Lord are to be baptized into the name of the Father, Son and Holy Ghost. By this means they openly acknowledge their allegiance to Jesus Christ as their divine Lord. To secure public avowal of loyalty to the character of the confessor. They were also to be instructed to render obedience to all the commandments and requirements of the divine Lord.

3. The Divine Presence Promised (v. 20). To assure the disciples of the success of their undertakings, Jesus guarantees His presence at all times and under all circumstances. That knowledge gives courage and encouragement to the missionary today in the assurance of the unfailing promise of the Lord Jesus Christ.

III. The Missionary Program (Acts 1:8-8).

It is essential that the missionary program be understood. The work incumbent upon the church is to witness of Christ's gracious salvation to all the nations. After this is done there will follow the preaching of the gospel of the kingdom by converted Israelites. This was not clear to the disciples, therefore they put the question, "Will thou at this time restore the kingdom of Israel?" They were right in thinking that the kingdom will be restored. The David's kingdom shall be established, but not till after the gospel of the grace of God is preached and the body of Christ is completed. Its realization is certain, but its time is unknown. Times and seasons are in the hands of God. The program which the disciples are to carry out in this present time is witnessing for Christ.

1. In Jerusalem (v. 8). This was done by the Twelve immediately following Pentecost.

2. In Judea and Samaria (v. 8). This was done by the disciples after the hands of the persecutors were laid on them. Not only the Twelve but many others took part in this.

3. Unto the Uttermost Parts of the Earth. Beginning with the first foreign missionary enterprise this work has been carried on with varying degrees of success till the present time.

Being Self-Sortered.

Nothing is more wearing or a more fruitful source of unhappiness in the long run than to be self-centered. If our thoughts and plans, our hopes and fears, our ideals and ambitions all center in our own personal comfort and happiness, there must come many a day of infinite weariness and self-disgust when life does not seem worth living. Poverty or riches have very little to do with it. You will find just as many well-to-do people as poor, for whom life has lost its spice and orchestra. It is not a question of capital, but of character.
